Subject: Important Information Regarding Reimbursement for Vaccines

Dear Provider:

Please be advised that Prestige Health Choice will be modifying the way we reimburse vaccines and administration codes. Effective May 15, 2018, all vaccine codes must be billed with a corresponding administration code. If a vaccine is billed without a corresponding administration code, or vice versa, payment will be denied.

Also, as a reminder, Prestige Health Choice does not reimburse for vaccine products for members ages 0 – 18, or MediKids members (please refer to table below). Reimbursement is available for the administration of the vaccine – thus, vaccinations should still be billed on each claim with the appropriate administration code.

Member	Vaccine	Administration
Ages 0 – 18	Covered under Vaccines for Children (VFC) program	Reimbursed by Prestige
MediKids	Covered by Medicaid fiscal agent	Reimbursed by Prestige
Ages 19 – 20	Reimbursed by Prestige	Reimbursed by Prestige
Age 21 and over* Flu, pneumonia, and shingles	Reimbursed by Prestige	Not covered

*Prestige offers the flu, pneumonia, and shingles vaccines to members over 21 as an expanded benefit. Please visit the Prestige Health Choice website for additional information.

If you have any questions, please contact Provider Services at **1-800-617-5727**.
