From: Prestige Health Choice

To: Prestige Health Choice network providers

This is a reminder that mixed services are services that are available to eligible Medicaid recipients under both the Long-term Care (LTC) program and the Managed Medical Assistance (MMA) program. While the LTC program is responsible for LTC services, it is also responsible for the following mixed services:

- Assistive care services.
- Case management.
- Nursing (includes Home Health).
- Hospice.
- Durable medical equipment and supplies.
- Therapy services (physical, occupational, respiratory, and speech-language pathology).
- Non-Emergency transportation related to long-term care.

Please be advised that Prestige Health Choice is not an LTC plan. LTC and mixed services should be billed to the LTC plan. The only mixed services for which Prestige may be billed are non-emergency transportation to services covered by the MMA plan and all emergency transportation.

If you have questions regarding the above, please call the Provider Services department at **1-800-617-5727**.

Sincerely,

Provider Network Operations
