These include primary care provider (PCPs), specialists, hospitals, behavioral health, vision, and pharmacy services. You may go to any of the providers listed in this directory.

Some providers may not perform certain services based on religious or moral beliefs.

If you get care from a provider outside of our network, you may have to pay for the costs.

How Do I Find a Prestige Health Choice Provider in My Area?

This directory is divided into two sections and an index. Providers are listed alphabetically in the first section. In the second section, they are grouped by county and provider type, and then specialty in alphabetical order. The Index lists every page that a provider appears on, in case they have more than one specialty.

Please see the chart on the next page for details on the information included for each provider. You will also find a key to the meaning of the symbols used in the provider list.

Use these sections to find a doctor or provider near you. Family members may choose the same doctor or a different doctor based on your family needs.

If you need help finding a provider, please call Member Services toll-free at 1-855-355-9800 (TTY/TDD 1-855-358-5856).
